

## 22 Covered Preventive Services for Women, Including Pregnant Women, Covered Under the Affordable Care Act

---

As part of our ongoing efforts to keep our Clinical Integration Network IPA, LLC (CIIPA) and Northwell Health's Premium Network providers informed of healthcare reform changes that could impact them, the following preventive services must be covered with no cost-sharing on the part of the patient.

This policy went into effect September 23, 2010 as per the U.S. Department of Health and Human Services (<http://www.hhs.gov/healthcare/facts/factsheets/2010/07/preventive-services-list.html>).

- Anemia screening on a routine basis for pregnant women
- Bacteriuria urinary tract or other infection screening for pregnant women
- BRCA counseling about genetic testing for women at higher risk
- Breast Cancer Mammography screenings every 1 to 2 years for women over 40
- Breast Cancer Chemoprevention counseling for women at higher risk
- Breastfeeding comprehensive support and counseling from trained providers, as well as access to breastfeeding supplies, for pregnant and nursing women
- Cervical Cancer screening for sexually active women
- Chlamydia Infection screening for younger women and other women at higher risk
- Contraception: Food and Drug Administration-approved contraceptive methods, sterilization procedures, and patient education and counseling, not including abortifacient drugs
